Lizard Island Resort / Delaware North
Front Office, Food & Beverage, or Kitchen
Available: mid-June – early October 2027

Dear Lizard Island Team,

I am applying for a role at Lizard Island Resort for the 2027 season, from mid-June to early October. My girlfriend Lilly's family have stayed with you more than once, and they are there again now. Hearing their stories — and wanting to work in Australia for a season — is what pushed me to apply. Front Office is where I would most like to work: I like guest contact, and I am comfortable with computers and day-to-day systems. I am also happy in F&B or in the kitchen if that is where you need people.

Most of my hands-on experience is in hospitality. At Mandarin Oriental Costa Navarino I worked the breakfast cold kitchen, largely on my own — prep, plating, then setting up for lunch and the next morning — for around 120 guests, six days a week. More recently I waited tables in the evenings at Gaststätte Figl in Austria while studying. Before that I worked pastry at Gasthof Sonnenhof and in the kitchen at Hotel Grafengut. Alongside this I help run my family's plant and garden shop, including customer advice and orders, and I built our inventory system and online shop.

I am applying together with my girlfriend, Lilly Weihs (separate applications). We have been together for almost seven years and have lived and worked in the same places during our internships — usually on different stations. In Greece we worked as part of the wider team, made friends there, and got used to sharing staff life, not just sticking to ourselves. We hope we can both find a place with you for the same season. If that works out, we would look forward to being part of the staff community and getting to know people beyond our own pair.

We would arrange Work and Holiday Visas after a positive response. Our university schedule lets us start after exams in mid-June and stay through early October. Thank you for reading — I would be glad to talk about how I could help your team.

Kind regards,

Ioannis Gander
